

AIRPARK REFERRAL DIRECTORY – REVISION #9 - 8/1/2026

If you have questions about this Directory, please email me directly at: vnkruljac@yahoo.com

VIEW/PRINT INSTRUCTIONS: File is EXCEL and saved in Landscape Mode. To Print must be sure you select "Landscape" in print instructions

NEW BUSINESSES/SERVICES: Will have an asterisk (*) and will be highlighted in Green to indicate that they are the newest additions to the directory. Each new addition will be under the same heading as seen on this summary page. An (*) asterisk next to the Type of Service means that it is a new category. If you use a business/service from this directory you may want to ask the business if there is a discount for *first* time services or because you were referred to them by "give name of referring person shown in the directory." Once you have used the business/service, you may want to email the referring person to let them know so they can follow up to see if they get a discount or referral fee. Seems fair if it saves you hours of research for a specific service. Some Services Information may be split between two pages. This Directory is in continuous evolution.

Please only use the most current Airpark Referral Directory (delete previous ones) as there may be other minor changes within the content of the Directory (such as spelling, comment corrections, or a number of other changes/corrections, etc).

COMMUNITY SERVICE SECTION: There is a Community Services section at the end of the directory with the name and phone number of various services. The Community Services section is not based on referral, but rather to provide easy access to this information. No guarantee that this information doesn't change over time. If you find a discrepancy or change, please email the information to me directly so I can update it for the next directory revision. See Asterisk (*) beside any changes in this section

2 NEW ADDITIONS; 2 Updated Comments; 1 Website Correction:

Referral Submission Form:

Please email a completed referral form directly to me on any business, service, or person you would like to recommend. Your name will be shown as the referring person and you may be contacted for more information. When submitting a referral form please provide clear brief comments.

Airpark Referral Directory:

This is not an exclusive list for the airpark so feel free to share with family and friends in the service area. I will only provide the information shown on this list, the rest is up to each person to research through internet, Facebook, or contact the referring person about any business listed. Email me specific information if you did not have a good experience with someone on this referral list. If I get multiple complaints about a service, I may remove them.

Disclaimers:

This directory is an accumulation of referrals by airpark residents or associations thereof. We hope all experiences will be excellent but NO guarantees or warranties implied, expressed, or promised about any referral. This is for reference material only. The referring person (if named) may have had an excellent experience, but it does not guarantee that everyone will.

Businesses come and go - so no guarantee of availability of any names on this list. If you contact a business on this list and they are no longer in business please email me so I can remove them.

Please do all your research about any business/service in this directory before contacting me with questions. I only do research to provide the information provided for this directory, you will need to do any other research on any business/service should you require additional information.
